The Howie Center Events are **FREE** and open to all. They are designed to bring community members together through the intersection of science, art, and theology.

WELCOME DR. JENNIFER AYRES

We are pleased to welcome Dr. Jennifer Ayres, of Emory University's Candler School of Theology, as our Spring 2022 Howie Center Events leader.

Dr. Ayres serves as the Associate Professor of Religious Education and Director of the Doctor of Ministry Program.

The Carl Howie Center for Science, Art and Theology sponsors presentations through which church leaders (including seminarians) recognize and engage the insights and implications of the interplay of science, art, and theology for theological expression and the practice of ministry. The Center generously provides funding for lectures, seminars, and displays at Union Presbyterian Seminary once or twice a year, featuring artists, scientists, and/or theologians in conversation about a particular topic.
