

# Presbyterians Supporting Christian Education

Continuing the Legacy of the Presbyterian School of Christian Education

The project seeks to support and encourage educators' ministries through engagement in critical and theological thinking. Its intention is to enhance the teaching of Christian education.

## Educator Cohorts:

**Educators and Ministers** are invited to participate in one of five cohorts for 11 months. The Cohorts will meet monthly and will provide the following:

- A collegial and collaborative experience for participants.
- A personal and professional opportunity for growth
- A sharing of resources for the educational ministry of the church

### Cohorts will:

- Commit to meeting monthly for one year
- Be provided a facilitator who will communicate with the group and facilitate meeting schedules and online communication strategies
- Decide on resources and/or topics for each session
- Respond to a semi-annual evaluation tool

Cohorts will include eight participants plus a facilitator. Meetings begin in February, 2022, and run through December 2022. A stipend of \$500 is provided each participant.

**Be a part of enhancing the importance and value of education in the life of the church through your participation.**

## Get Involved:

**Want to be part of a new endeavor that will enhance Christian education as well as your own personal ministry? Sign up today!**

Applications will be received from November 1, 2021 – December 31, 2021. Cohorts will be formed and participants notified in January 2022.
